

### What does French look like at Pike Fold?

- We ensure the teaching of French is engaging, fun and innovative.
- We ensure each year group is taught vocabulary, simple sentences and questions.
- We embed skills through repetition, conversational practice and visuals.
- We provide opportunities to experience French language and culture through food, celebrations, festivals and song.
- We provide opportunities for children to listen to fluent and native French through our own staff and resources.

# French / *le français*

"I like speaking French because if I go to France, I can speak the language."

"I like it when we stand up and say words in silly voices and sing French songs."

"I like writing new words in different styles and colours. It helps me remember them."

### What enrichment takes place as part of the French curriculum?

We enrich our French curriculum through providing opportunities for our children to experience French food, culture, festivals and celebrations.

We have French days when children get to practice their language skills in conversational French.

We learn about French-speaking countries around the world and their different cultures.

### How do we celebrate French at Pike Fold?

- Displays around school showcasing our French
- Children who have made an outstanding effort in French will have their work shown in Celebration Assemblies
- Stickers & stamps
- Floor books in classrooms

### French in our community...

We invite parents to share in our language learning by hosting a French market in school.

We connect with our French-speaking parents to provide real-life experience.
