

Friday 8th June

Welcome back we hope you all had a great half term holiday. This week we have started our new topic of recycling. As always it has been fantastic to share the amazing topic homework that you have completed over the holidays. It has been interesting to see that the children already have a good knowledge of recycling and other ways to look after the environment. They have enjoyed investigating different materials and making sure their friends (and the adults in the classroom!) are properly disposing of their rubbish. As part of our topic we have also been reading the Rainbow Fish. If you have not read it before it is a great story to share with your children as it explores the theme of making friends and sharing. It is also available on YouTube and we have listened to the story at lunchtime and home time. Please remember our Father's Day craft sessions are next week.

Notice Board/Dates for your Diary

TOPIC – The Environment/The World Cup
