What we have been up to this week in UKS2

Year 5: In Maths this week we have been looking at statistics. We have been using the information on line graphs and in tables to answer various types of questions. We even had fun with a Pokedex!

In English this week we have been working really hard in our groups to write a science fiction story. We have thought really carefully about the features of a story and used our year 5 standards.

In science we have been looking at the phases of the moon. We got creative and drew the phases using black paper and chalk!

Year 6: In English we have been creating balanced arguments about packed lunches and healthy eating. We have been researching the Ancient Greeks and creating presentations about what we have found out. We have also been practising our embroidery skills ready for our cross stitching after half term.

Homework

Year 5 – Maths – 5F MyMaths

5P Athletics-log-in details are in diaries

English – Comprehension book pg 32-33

Practice spellings on Spelling Shed.

Timestables

Knowing all times tables is a national target for the end of year 4 and is crucial if children are going to make excellent progress in our key stage.

We ask that all parents continue to practice and test times tables with their children to ensure fluency.

The website below is just an example of many times tables games that can be found online.

All pupils should also have a MyMaths login that they can use to access a great variety of games. Pupils should ask class teachers if they are unsure of their login.
